

BITS Goa Women in Tech

Heer Joisher

2014B1A30709G

Career Directions (1/3)

Exploring career options related to the science streams

1. Deciding to pursue science stream (vs lucrative non-tech jobs)
2. Identifying relevant opportunities/universities
3. Going directly for higher degrees vs getting work experience
4. Bells & whistles that come with education abroad and no one talks about

Career Directions (2/3)

Applying for Summer Internship/Thesis/PhD

1. Application Process
 - Importance of CGPA, Projects and LORs
2. Application Materials
3. Spikes that differentiate you from the crowd
4. Offered Unpaid Internship – What to do?

Career Directions (3/3)

Switching Streams: Possibilities & Opportunities

1. Before Under Grad Placements

- Transition from Science background to Consulting/VC/PE

2. While/After Pursuing Higher Degree

- Horizontal Switch: MS/PhD, Change in MS Stream
- Vertical Switch: MS/PhD to Consulting/VC/PE

Miscellaneous

1. My Experience at Grad school: Learnings, looking back and journey ahead
2. Finding Passion: “How did you learn that research is your passion?”
3. Business & Biotech: What after PhD/MS?
4. Impact: Building reforms and positively impacting the world
